

## Round 6 - Punta del Este ePRIX - 17 March 2018

### Decision 3

**From:** The Stewards **Document No:** 18  
**To:** The Team Manager **Date:** 17 March 2018  
**Time (decision):** 10:30 h

The Stewards, having received new evidence in respect of the survival cell change in connection with car 4 (Edoardo Mortara), have reconsidered the matter, and determine the following:

**N° / Driver:** 4 Edoardo Mortara

**Competitor:** Venturi Formula E Team

**Time (fact):** n/a

**Session:** After Shakedown

**Fact:** Requested permission to change of survival cell and receive a new chassis

**Offence:** Breach of Article 28.2 of the 2017/2018 FIA Formula E Sporting Regulations

**Decision:** Stewards Decision No 1 is declared null & void  
The team is allowed to change the survival cell 011 and represent car 4 "black" for scrutineering to the Technical Delegate after changing.  
The permission to use a new chassis will be given for the events in Punta del Este, Roma and Paris of the 2017/2018 FIA Formula E Season.

**Reason:** Having considered the matter extensively, the Stewards give the permission to change the chassis for safety reasons because a sufficient repair of the chassis is not possible in Punta del Este.  
The Stewards advised that the team must have the chassis repaired at Dallara latest prior to the Berlin event.  
A report has to be sent from Spark and Dallara to the Technical Delegate on the suitability of the chassis to race in Berlin following full repair. If the chassis is deemed technically sound, it must be used in the Berlin event and going forwards.

Michael Schwägerl
